## 2<sup>nd</sup> Symposium in Biomedicine: Basic and Clinical Neuroscience

May 9, 2019

## 2. Simpozijum iz biomedicine: bazična i klinička neuronauka

9. maja 2019.

Dear colleagues, it is our great pleasure to invite you to participate on a one-day international symposium to be held on May 9, 2019 at the Faculty of Pharmacy, University of Belgrade.

The symposium program is designed to present the latest research trends in the field of neuroscience. The special value of the meeting is that experts dealing with both experimental models of neurological disorders and clinical studies in psychiatry and neurology, will be present their work. Therefore, we hope that this meeting will contribute to the expertise of our clinicians, as well as scientists dealing with basic research in neuroscience in Serbia.

Also, we highly encourage and invite young researchers, doctors, graduate and doctoral students to participate in the poster section, which will be evaluated by an international jury that will present awards for the best posters.

With kind regards,

Vesna Pešić  
Head of Center for  
Experimental and  
Applied Physiology

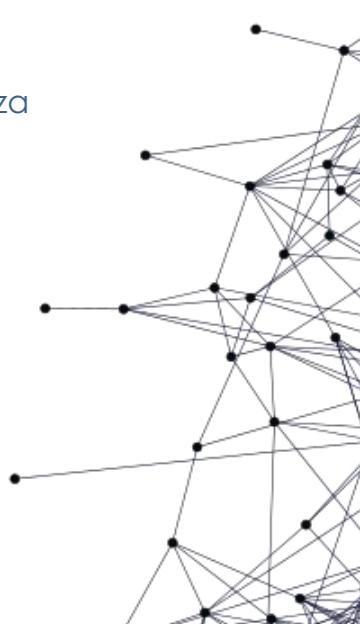

Drage koleginice i kolege, veliko nam je zadovoljstvo da vas pozovemo na jednodnevni međunarodni simpozijum koji će se održati 9. maja 2019. na Farmaceutskom fakultetu Univerziteta u Beogradu.

Program simpozijuma je osmišljen tako da predstavi najnovije trendove u istraživanjima na polju neuronauka. Posebna vrednost skupa je što će biti predstavljeni rezultati istraživanja vrhunskih stručnjaka koji se bave kako eksperimentalnim modelima poremećaja funkcija nervnog sistema, tako i kliničkim istraživanjima u psihijatriji i neurologiji. Stoga se nadamo da će ovaj skup doprineti ekspertizi naših lekara kliničara, ali i naučnika koji se bave bazičnim istraživanjima u neuronaukama u Srbiji.

Takođe se izuzetno ohrabruju i pozivaju mladi istraživači, lekari, studenti diplomskih i doktorskih studija da učestvuju u poster sekciji, koju će ocenjivati međunarodni žiri koji će dodeliti nagrade za najbolje poster prezentacije.

Srdačno,

Vesna Pešić  
Rukovodilac Centra za  
eksperimentalnu i  
primenjenu fiziologiju

# Programme / Program

8:45 – 9:00

**Opening / Otvaranje**

9:00 – 9:30

**Prof. Magnus Ingelman-Sundberg**, Karolinska Institutet, Sweden. *Spheroid in vitro 3D system as a tool for modeling interindividual variability in drug metabolism*

9:30 – 10:00

**Dr. Selma Kanazir**, Institut za biološka istraživanja „Siniša Stanković“, Srbija. *Non-pharmacological interventions in ameliorating AD pathology*

10:00 – 10:30

**Prof. David Slattery**, Goethe University, Germany. *Novel mechanisms underlying the anxiolytic properties of oxytocin*

10:30 – 11:00

**Asist. dr Aleksandra Tomić**, Klinika za neurologiju KCS, Srbija. *Are there two different forms of functional dystonia? A multimodal brain structural MRI study*

11:00 – 12:00

**Coffee break & poster session / Kafe pauza & prezentacija postera**

12:00 – 12:30

**Prof. David Gurwitz**, Tel Aviv University, Israel. *Genomic biomarkers for personalized treatment of depression*

12:30 – 13:00

**Prof. Vesna Pešić**, Farmaceutski fakultet Univerzitet u Beogradu, Srbija. *Oxytocin affects expression of Itgb3 and Chl1, what are the consequences in depression?*

13:00 – 13:30

**Dr. Milica Jovičić**, Klinika za psihijatriju KCS, Srbija. *Glucocorticoid receptor phosphorylation in stress-related disorders*

13:30 – 14:00

**Doc. Marin Jukić**, Farmaceutski fakultet Univerzitet u Beogradu, Srbija. *Clinical Impact of CYP2D6 Genotype on Exposure and Treatment Failure of Risperidone and Aripiprazole*

14:00 – 14:15

**Poster Awards / Dodela nagrade za najbolji poster**

## Scientific committee / Naučni odbor

### Predsednik:

**Prof. dr Vesna Pešić**, rukovodilac Centra za eksperimentalnu i primenjenu fiziologiju, šef Katedre za fiziologiju Farmaceutskog fakulteta Univerziteta u Beogradu, Angažovana na projektu Ministarstva broj OI 175036

### Članovi:

**Prof. dr Slađana Šobajić**, Dekan Farmaceutskog fakulteta Univerziteta u Beogradu Angažovana na projektu Ministarstva broj III 46001

**Prof. dr David Slattery**, profesor neurofiziologije i translacione psihijatrije, Gete Univerzitet, Frankfurt, Nemačka

**Prof. dr Nađa Marić Bojović**, Načelnik odeljenja za naučno-istraživački rad i rane intervencije u psihijatriji KCS, professor Medicinskog fakulteta Univerziteta u Beogradu, Angažovana na projektu Ministarstva broj III41029

**Prof. dr Snežana Savić**, Prodekan za nauku i međunarodnu saradnju Farmaceutskog fakulteta Univerziteta u Beogradu Angažovana na projektu Ministarstva broj TR 34031

## Organizing committee / Organizacioni odbor

### Predsednik:

**Doc. dr Matin Jukić**

### Članovi:

**Doc. dr Dušanka Stanić**

**Asist. dr Bojan Batinić**

**Asist. mag. farm. Jelena Petrović**

**Prof. dr Snežana Savić**
